Question tags

Question tags are small questions at the end of a statement. We use them when **we want to check if something is true.**

FORM: An auxiliary verb or modal verb + a subject pronoun

She is very nice, isn't she?

Peter could help us, **couldn't he?**

When the statement is positive, the question tag is negative. And, when the **statement is negative, the question tag is positive.**

Ann likes you, doesn't she?

She wasn't at home, **was she?**

If there is no auxiliary or modal verbs in a sentence, we use **DON'T/DOESN'T/DIDN'T to form a question tag.**

Your sister studied in America, didn't she?

Peter works in a bank, **doesn't he?**

EXCEPTIONS:

I'm very tired, aren't I?

Let's go home, shall we?

Open the door, will you?

There aren't any apples, are there?

ACTIVITY 6

- Do the task from the video. Copy the sentences in your notebooks and write the correct question tags. Check your answers in the video.
